

A word cloud featuring various biological databases. The words are arranged in a non-uniform, overlapping manner, with colors ranging from blue to purple. The size of each word indicates its relative frequency or importance. The most prominent words are 'HPRD' and 'IntAct', both in large blue letters. Other significant words include 'BioGRID' in purple, 'PhosphoSite' in yellow, 'InnateDB' in purple, and 'phosphoELM' in green. Smaller words include 'PDZBase', 'CellPhoneDB', 'MatrixDB', 'Signor', 'TRIP', 'DEPOD', 'Guide2Pharma', 'HPMR', 'NRF2ome', 'ELM', 'ARN', 'dbPTM', 'DOMINO', 'CA1', 'HPRD-phos', 'Signalink3', 'Macrophage', 'Spike', 'LMPID', 'Adhesome', 'MPPI', 'DIP', 'CancerCellMap', and 'Ramilowski2015'.
