

A word cloud featuring various biological signaling pathways and receptors. The words are arranged in a non-uniform, overlapping manner, with colors ranging from yellow to dark blue. The largest and most prominent words are RTK, JAK, and WNT. Other significant words include TNF, TCR, GPCR, and AUTOPHAGY. Smaller words like NOTCH, TGF, and HIPPO are also visible. The overall composition suggests a focus on cellular communication and signaling mechanisms.

RTK

TNF

NOTCH

RHO

JAK

WNT

TCR

BCR

GPCR

HEDGEHOG

AUTOPHAGY

TLR

TGF

HIPPO
